About Us

Rashmi Constructions is a professionally managed road construction company with extensive experience in infrastructure development. We specialize in the construction, upgrading, and maintenance of roads and allied civil works, delivering projects that meet stringent quality, safety, and time standards.

Established in 1989 by Late D.R. Raju, we have grown from a small contracting operation to a full-fledged construction firm serving government and private sector clients across Karnataka.

- Over 34 years of proven expertise
- Strong technical team and modern equipment fleet
- Commitment to excellence in every project

Made with GAMMA
